

**LEAGUE EXPANSION WIZARD**

You are about to expand your league Major League Baseball. Please select the number of expansion teams below.

2 Teams

Please enter the most vital data of the new teams. You also have to select a destination Division. The resulting alignment must have an even number of teams in each sub-league.

Team Name	Nickname	Abbr	Target Division
New Team	Stars	NT	AL Eastern Division

**Error**

Cannot expand league this way, a sub-league would end up with an odd number of teams!
